MEMORANDUM

DATE: July 17, 2013
TO: Whom it May Concern
FROM: Ross Abel, PE
RE: Town of Big Lake Road Improvements

The Town of Big Lake will begin street repairs in your area beginning the last week of July 2013 or the first week of August 2013. The work sites include the following street segments:

- 214th Avenue - Between County Road 73 and 212th Avenue
- 180th Avenue - Entire length
- 181st Avenue - Between 192nd Street and 195th Street
- 182nd Avenue - Between County Road 14 and 199th Circle
- 196th Drive - North of 196th Avenue

The work will include removal of pavements in areas with replacement patching followed by an asphalt pavement overlay and restoration of gravel shoulders and turf as needed. There will be no concrete driveway repairs or disturbance and the new pavement will match existing concrete or asphalt surface at the gutter line.

214th Avenue will have the existing asphalt surface reclaimed prior to construction of a new asphalt surface. Residents can expect noise, dust and restricted travel during the normal work day in all areas until the work is complete. All roads will be open during construction. There will be no interruptions of mail service, garbage collection service or emergency services.

The projects are anticipated to be complete by August 24, 2013, weather permitting.
